Tab 2 - Services Provided to the Public

A Public Services on Offer

The Gallery offers a wide range of services to the public, including a busy programme of events, tours, art library, Gallery café, shop, venue hire, and facilities for visitors with disabilities.

- [Read more about facilities available for visitors with disabilities](#)

The Gallery has been delegated authority by the Department of Culture, Communications and Sport to process export licences for paintings and works on paper executed entirely by hand under the National Cultural Institutions Act, 1997 within the EEA. [The contact details for queries on export licences and precedents of the relevant application forms can be found by clicking on this link.](#)

In relation to Freedom of Information requests for records relating to export licence applications, the Gallery's approach is to release only the export licence application number and the date on which the export licence is granted on the basis that all other information contained in such records is exempt from disclosure on the basis that it is (i) information obtained in confidence, (ii) commercially sensitive and/or (iii) personal information. The application of such exemptions is considered on a case-by-case basis. However, it is of significance that the Information Commissioner has previously found strongly in the Gallery's favour in relation to its decision to refuse access to exempt information contained in records pertaining to export licences sought under FOI.

Lists of decisions, which set out at length the reasons and justifications for such refusals are found below:

- [Click on this link to read the Office of Information Commissioner's decision on FOI Case between the Gallery and The Sunday Times](#)
- [Click on this link to read the Office of Information Commissioner's decision on FOI Case between the Gallery and Mr. X](#)

In light of these decisions, Freedom of Information requests for records pertaining to export licences will likely be treated by the Gallery in a similar manner to the requests under scrutiny in those decisions.

B Access to Services

Details of how public services can be accessed are available at the links set out in section A.

- [Read more on the upcoming tours and events planned in the Gallery](#)

D Administration of Services

See above under *"Public Services on Offer"*.

E Review or Appeal Rights for Services

The Gallery aims to provide the services it offers in compliance with its Customer Charter and the five specific pledges set out therein. If a member of the public wishes to leave feedback in respect of any service offered by the Gallery, it can do so in line with the Gallery's Customer Charter and the Customer Action Plan. Feedback is defined as information about reactions to a visitor's experience of the Gallery or relating to our services which is used as a basis for improvement and to understand our audience's response and engagement. [Read more on the Gallery's feedback process.](#)

We regard complaints as an expression of dissatisfaction about our action or lack of action or about the standard of service provided by us or on our behalf at the Gallery. Complaints are treated differently to feedback and are dealt with under our Complaints and Appeals Procedure. [Read more on the Gallery's Complaints and Appeals Procedure.](#)

Tab 3 - Decision Making Process for Major Policy Proposals

A Major Policy Proposals/Public Consultation Exercises

The Gallery made no submissions to any Major Policy Proposals or Public Consultations in 2025.

B Background Information relating to Major Policy Proposals and Decisions

The Gallery will consider on a case-by-case basis whether it will make submissions in relation to major policy proposals or as part of public consultation exercises. Where the proposal or consultation relates to an area of significance for the Gallery, the Gallery will contribute as it sees fit, with input from its Board. An example of this is the Gallery's submission on *Culture 2025*, which was made in response to a consultation document published by the Department of Culture, Communications and Sport. [Further information on the National Cultural Policy Framework 2025 can be found by clicking on this link.](#)

The aims and objectives set out in the Gallery's current Strategic Plan will also be taken into account by it when considering whether to participate in major policy proposals or public consultation exercises.

D Information held by the Gallery that is Sought Regularly

The nature of information held by the Gallery that is sought on a regular basis under the Freedom of Information Act 2014 (FOI) is ascertained annually, at the end of each calendar year. The Gallery publishes information that is determined to have been requested regularly that year following that review, and is not exempt under FOI, within three months of that review.

2025

In respect of 2025, the topic of the X-Ray machine was a running theme for a number of FOI requests, the requests each sought a sufficiently distinct suite of records such that the same suite of documents could not be used in response to each request. As such, the Gallery does not consider there to be any category of records that were regularly requested during 2025 which should therefore be released.

2024

In respect of 2024, there was no category of information that was sought regularly.

2023

In respect of 2023, there was no category of information that was sought regularly.

2022

While the topic of Aramark was a running theme for a number of FOI requests in 2022, the requests each sought a sufficiently distinct suite of records such that the same suite of documents could not be used in response to each request. As such, the Gallery does not consider there to be any category of records that were regularly requested during 2022 which should therefore be released.

2021

In respect of 2021, there was no category of information that was sought regularly.

2020

In respect of 2020, there was no category of information that was sought regularly.

2019

In respect of 2019, there was no category of information that was sought regularly.

2018

In respect of 2018, there was no category of information that was sought regularly.

2017

In respect of 2017, there was no category of information that was sought regularly.

2016

In respect of 2016, the information that was sought on a regular basis under FOI related to export licences. In such cases, the Gallery's approach is to release only the export licence application number and the date on which the export licence is granted on the basis that all other information contained in such records is exempt from disclosure on the basis that it is (i) information obtained in confidence, (ii) commercially sensitive and/or (iii) personal information. The application of such exemptions is considered on a case-by-case basis. However, it is of significance that the Information Commissioner has recently found strongly in the Gallery's favour in relation to its decision to refuse access to exempt information contained in records pertaining to export licences sought under FOI.

Lists of decisions, which set out at length the reasons and justifications for such refusals are found below:

- [Click on this link to read the Office of Information Commissioner's decision on FOI Case between the Gallery and The Sunday Times](#)
- [Click on this link to read the Office of Information Commissioner's decision on FOI Case between the Gallery and Mr. X](#)

In light of these decisions, FOI requests for records pertaining to export licences will likely be treated by the Gallery in a similar manner to the requests under scrutiny in those decisions.
